Professional Summary

Mobile and web developer passionate about designing and developing clean, impactful software solutions. I enjoy collaborating with professionals from diverse fields and like-minded individuals, turning ideas and imaginations into reality.

Employment History

Software Developer, DigitalX - Remote, Remote

03/2024 - Present

I Play an integral role in the development of web and mobile software solutions on contract, working with designers and other developers to deliver high-quality solutions that meet client needs.

Software Developer, O2Zed - Remote, Remotely

04/2022 - 12/2022

I worked with programmers, designers, and writers to provide solutions to other businesses. Contributed technological and general insights to find solutions. I also advised senior stakeholders on correct project methodologies based on business goals and internal parameters for planned development tasks.

Intern, Weltek ng - Port Harcourt, Port Harcourt, Nigeria

04/2022 - 09/2022

Proficient in C#, I tackled real-life organizational challenges through innovative solutions and hands-on projects. I developed an in-house hub that streamlined operations, improved communication, and provided quick access to business data. I also trained senior employees, ensuring successful adoption. Engaged with interns and employees daily, fostering collaboration, and participated in organizational programs like Pep Talks and monthly HSSE Meetings.

Technical Strategist, Tradify, Okitipupa, Ondo State

02/2021 - 12/2021

I played a key role in implementing innovative technical solutions that transformed the business, developing dynamic strategies to effectively engage and retain students involved in buying and selling used products on campuses
